Mr. Joseph A. Legare  
Assistant Manager for Environment and Stewardship  
Department of Energy, Rocky Flats Field Office  
180808 Highway 93, Unit A  
Golden, CO 80403-8200

Dear Mr. Legare:

The Colorado Department of Public Health and Environment hereby approves the Radiological Pre-Demolition Survey Plan for Building 776/777 dated August 8, 2003.

We note that this Plan is unique to the Building 776/777 project and includes provisions and procedures that do not apply to other facilities at the site. We also note that the Plan leaves many decisions yet unresolved, and that close collaboration between or respective staffs will be necessary as the project proceeds towards completion. We are confident that this can be accomplished effectively and in a timely manner.

We agree with the ALARA goal stated in paragraph 2 of Section 1 of this Plan, and recognize that close collaboration will be necessary to ensure mutual agreement that this goal is reached for all characterization and demolition activities. Our State Project Manager for Building 776/777, Edd Kray, will be working with your staff on this project. Please contact him with any questions you may have at 303-966-2115.

Sincerely,

Steven H. Gunderson  
Rocky Flats Project Coordinator
